DARE TO DIVE IN

What is
GDSC?

Google Developer Student Clubs
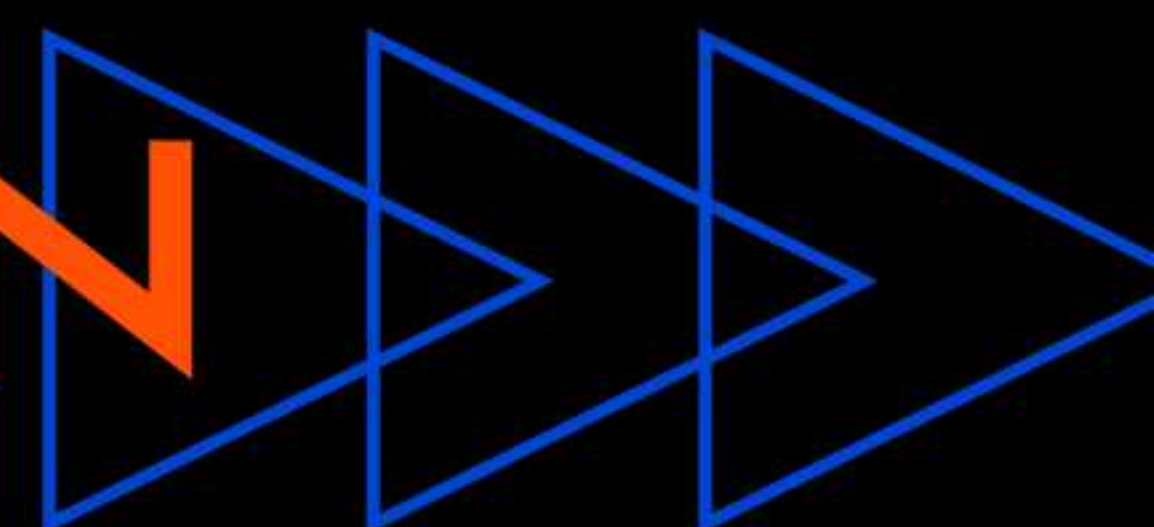

The Google Developer Student Club in Sardar Vallabhbhai National Institute of Technology is a student chapter affiliated with Google, for all students with an interest in growing as a developer. It believes that knowledge is power and that technology can do extraordinary things in the world.

Junior developers learn about a range of technical topics in a peer-to-peer learning environment and gain new skills through hands-on workshops, events, expert talks and project-building activities, online and in-person. These new learnings are then applied to build great solutions for businesses and solve real world problems around them.

Some Past
EVENTS

GDSC held many memorable events such as "DSC Design Day", which was a UI/UX development competition.

The Club boasts of hosting "Google Winter of Code", in collaboration with 4 local businesses cafes, in and around Surat. The event was designed exclusively for 2nd year students brought together a crowd of 250+ junior developers and 20 mentors.

Workshops on machine-learning, UI/UX, App Development and technical marketing, are regularly conducted to enhance skillsets of the members of the club and drive development for the community

What is HACK THE TANK?

GDSC, SVNIT brings you an opportunity to build solutions to real-world technical problems presented by the pitchers of Shark Tank Season 1 and 2.

HACK THE TANK is a concept fairly new in the world of hackathons! Bringing teams from all over the nation under one roof and giving them a chance to solve technical problems presented by startups. GDSC SVNIT brings to life HACK THE TANK- Dare to dive in...

A 30-hour LIVE hackathon, OFFLINE, here at SVNIT, will give them a chance to work on web/app development and modification, along with other domains such as data analysis and UI/UX modeling.

HACK THE TANK has a lot in store for you on the 23th and 24th of March 2024!

HTT'23

Hack The Tank, a groundbreaking PAN-India hackathon organized by the Google Developer Students Club of SVNIT on March 25th-26th, 2023, broke boundaries of creativity and innovation. Modeled after the popular television show Shark Tank, the event featured esteemed pitchers from industry giants like Hobby India, Scholify, Your Foot Doctor, The Simply Salad, and SAS-Fat to Slim. Teams faced diverse challenges posed by these corporate leaders, sparking collaborative ideation and talent fusion. With the support of title sponsor CasX and association with Asus, the hackathon provided an immersive experience in technology and problem-solving. The grand finale, highlighted by a talk from influential speaker Arsh Goyal, celebrated the exceptional skills and innovation of the winning teams, showcasing the success of fostering collaboration, innovation, and problem-solving in the dynamic landscape of student-driven technology initiatives.
